

Welcome

FNLIA Discussion Series

The Changing Landscape of Enterprise Risk Management for the Insurance Industry

December 1, 2015

Robert L. Noddin

Chairman, Foreign Non-Life Insurance Association

President and CEO, AIG Japan Holdings

A brief introduction to FNLIA...

Foreign Non-Life Insurance Association of Japan - FNLIA

- Founded in 1949, concurrent with the granting of licenses for foreign insurance firms to enter the Japanese market
- Represent 21 member companies engaged in various aspects of the non-life insurance marketplace who collectively:
 - Write in excess of \$550 billion in annual net premium
 - Are headquartered in 9 countries with over 550,000 employees
 - Operate in over100 countries
 - Transact business in more than 200 countries and territories

Our mission is to support the continued and sustainable develop of the non-life insurance industry for the benefit of:

- Our customers
- Our host country Japan
- Our members

A brief introduction to FNLIA...

We look to promote our Mission through 3 primary activities

- Advocate for best global business practices applicable to local conditions
- Influence through appropriate dialogue and engagement
- Inform by supporting and providing joint educational opportunities on global practices, emerging risks, and other topics of common interest

FNLIA's Value Propositions include:

- Knowledge of global best practices
- Access to global experts, techniques, and infrastructure
- Unique coverage capabilities
- Relationships with international regulators

FNLIA Discussion Series

The Discussion Series is meant to be:

- A venue for promoting constructive dialogue and sharing global best practices
- Open to insurance practitioners, regulators and other interested parties
- Focused on topical issues to drive sustainable growth for the benefit of customers, the industry, and Japanese society as a whole

The first session on Enterprise Risk Management is directed inward towards the industry

Futures session to be broadened and directed more towards customers on themes such as Cyber and other emerging areas of risk

Input on topics of interest is welcome from all!
